Émile Reynaud already mentioned the possibility of projecting the images in his 1877 patent application for the praxinoscope. He presented a praxinoscope projection device at the Société française de photographie on 4 June 1880, but did not market his praxinoscope a projection before 1882. He then further developed the device into the Théâtre Optique which could project longer sequences with separate backgrounds, patented in 1888. He created several movies for the machine by painting images on hundreds of gelatin plates that were mounted into cardboard frames and attached to a cloth band. From 28 October 1892 to March 1900 Reynaud gave over 12,800 shows to a total of over 500,000 visitors at the Musée Grévin in Paris.

Fan film Main article: Fan film A fan film is a film or video inspired by a film, television program, comic book or a similar source, created by fans rather than by the sources copyright holders or creators. Fan filmmakers have traditionally been amateurs, but some of the most notable films have actually been produced by professional filmmakers as film school class projects or as demonstration reels. Fan films vary tremendously in length, from short faux-teaser trailers for non-existent motion pictures to rarer full-length motion pictures.

The lack of theatrical releases from Hollywood studios resulted in an anime film—Demon Slayer: Mugen Train—becoming the first-ever non-Hollywood film to top the annual worldwide box office. The film benefited from Japans relative control of the pandemic at the time of its release, the popularity of the franchise, and reduced competition from international films.¹²⁰¹²¹ With both Los Angeles and New York City having allowed cinemas to reopen by March 2021, it was expected that film distributors would be more confident in releasing higher-profile films.¹²²¹²³ During that month, Disney announced

that Black Widow would open in theaters on July 9, 2021 and would also be available on Disney+ the same day with Premier Access, following the same release strategy that was used for one of the company's other films, Raya and the Last Dragon.¹²⁴ Two more of Disney's films, Cruella and Jungle Cruise, were also given this hybrid release.¹²⁴¹²⁵
